

## PSYCHOLOGICAL COUNSELING CENTER

Department of Psychiatry of 1st Faculty of Medicine  
Charles University in Prague

### Address:

(ground floor)  
Ke Karlovu 11  
Prague 2

### The center provides services in the following areas:

- Help in adapting to university studies and a long stay away from home,
- Counseling assistance in solving educational and motivational problems,
- Preventing and managing stress associated with studying,
- Promoting healthy lifestyles,
- Counseling on personal problems,
- Counseling focused on personal development.

The Counseling Center is designed for international students of the First Faculty of Medicine and provides clinical psychological counseling with a special focus on issues related to university studies and adaptation to a long stay away from home. It also provides specialized services focused primarily on the assessment of the problem and basic counseling services, as well as recommendations of other specific services that would be suitable for resolving the problems. All services are provided with maximum standards of confidentiality.
